Fictional Patent Claims

Document reference: FICTIONAL-CLAIMS-001. Invented for software testing only. Not a real patent application.

Claim 1: A device comprising a red housing, a blue switch, and a removable battery.

Claim 2: The device of claim 1, wherein the blue switch activates a light source.

Claim 3: The device of claim 2, wherein the light source emits green light.

Claim 4: The device of claim 1, wherein the removable battery is held in place by a sliding cover.
